DIGIFOF
DIGITAL DESIGN SKILLS FOR THE
FACTORIES OF THE FUTURE

AGENDA

- "House Rules" of the virtual conference

- Welcome of participants and introduction of hosts and speakers

- Agenda of the NEMO Day – April 2021
- Evaluation

Meeting Platform: Zoom

Content

- The conference is recorded and will be shared with you after the day.
- Presentation material is collected and shared on the event page.

Organisation

- All participants are visible to each other (please use your full name in the system to allow for interaction)
- Please mute your microphone during presentations – share of your video stream is encouraged!
- Please use the "Reactions" to provide quick feedback.
- In case of questions during the presentation, please post them into the chat window (visible for all participants).

- Following the NEMO Summer School Series, the NEMO Day aims to:
    - provide participants insight into the EU project DigiFoF
    - evaluate students expertise in design aspects of FoF
    - Gain insights on the applicability of developed design artefacts, methods and tools
    - give participants an idea of the two-week event held in July

- Participation: **46** registered participants from 13 organisations

    in 9 countries

Speakers

Hosts
